## "FDA'S FOOD SAFETY ENFORCEMENT: A LOOK AT 483S AND WARNING LETTERS"

**Date and Time:**

Tuesday, December 6 from 2:00 p.m.- 3:00 p.m. Eastern Time

(1:00 p.m.-2:00 p.m. Central, 12:00 p.m.-1:00 p.m. Mountain, 11:00 p.m.- 12:00 p.m. Pacific)

**Overview:**

A look at FY 2021 FDA observations for foods shows clear shortfalls in industry compliance with regards to sanitation hazards, and a lack of traceability, (particularly with regards to Foreign Supplier Verification Program (FSVP), allergen contaminations and more. There clearly is an opportunity for improvement to meet FDA's new of era smarter food safety blueprint.

Join EAS Independent Consultant Bryan Armentrout for a look at FDA priorities in food safety through a review of FY 2021 inspection observations. Learn where the agency is placing their enforcement priorities and common industry pain points for compliance.

By proactively addressing food safety challenges, you'll avoid pitfalls that can lead to contaminated products and foodborne illnesses. You'll also satisfy FDA requirements under 21 CFR 117 for the production of a safe and effective food product.

**Presenter:**

*Bryan Armentrout, EAS Independent Consultant*

**How does the webcast work?**

It's easy and convenient! It is a virtual seminar that you can "attend" and participate in right from your office. Webcasts are provided at **NO COST** to RFA members!

The RFA webcast will include live audio along with a slide presentation on the web. You just need a phone connection for the audio and an Internet connection.

To get the most out of a webcast, it is recommended that you have no more than five people at any one computer connection. If you have multiple locations, please register each location separately.

**Register now for this live, interactive Webcast  
that you can join from your office!**
